Principal's Report:

- The 2022-2023 school budget has come out.
- The gaga court and a bench are being relocated to the area by the back exit of the school. The district will be cleaning up that area by widening the walkway and adding a tiered retaining wall. It has been suggested that we add mats to the gaga court. The PAC voted in favour of giving \$1500 towards mats for the court.
- The school has free wood chips being delivered soon. The staff and students will be doing some gardening in the coming months. The school is also looking for some parent volunteers to help out with mulching and gardening around the school grounds.

iXL Math Program: Mrs. Smith came to speak to the benefits of this online program. 6 or 7 classes would like to use it next year. The cost is \$18/child for 2 subjects or \$12/child for one subject (both are 1 year subscriptions.) A question we have is: Is it a subscription for September to September or is for September to June? The PAC is considering providing \$15- \$18 per student to go towards this program or another teaching resource or program. We will vote on this proposal when we vote on our budget for next school year.

Fundraising Update:

- Fundraisers are complete for this year.
- Bottle Drive: We filled 9 bins and are waiting to hear back on how much we raised.
- Easter Purdy's brought in \$325.
