Spring Break Monday, March 16 to Friday March 27, 2026 Enjoy your break!

Staff and students are grateful to be in community together at Eagle View and we wish to recognize the Lekwungen speaking people, of the Esquimalt and Songhees Nations, on whose traditional territories, we live, we learn and we do our work.

Administrator's Message

Dear Eagle View Families,

The month of February seemed to just fly by and we find ourselves at the end of the first week of March. There is only one week left until the arrival of Spring Break!

As the weather begins to improve we start to notice an increase in toys from home showing up at school. We kindly ask that students leave their toys, collector cards, stuffies, etc. at home. This will save them from becoming damaged or lost. Spring is a great time to renew our commitment to working together to support a positive school community. As a school, we focus on being respectful, responsible and safe in all areas, classrooms, gyms, learning commons, online and on school grounds. Reviewing our school code of conduct, which can be found on our website is one way families can partner with us to help every student feel they know and can follow school expectations. Thank you for your ongoing support.

Your child's next Learning Update will be hot off the press in one week. Students are reflecting on the goals they set last term and thinking about how they will grow their learning for the final term of the school year. Please let us know if you are unable to access Parent Connect (as this is where you will find your child's Learning Update) by calling the office. Students are encouraged to have conversations at home about their strengths and stretches. Thank you for reading the Learning Updates and for the support and encouragement you provide at home for their learning.

As a school we continue to work on our goal which is, "to support all learners in becoming proficient readers and writers by centering the learning around the students and by gathering and ongoing reflection of student data." Data tells us that more and more students are reading at grade level or very close to grade level and beyond. Some strategies that are promoting this goal are small class Reading Clubs, Every Day Reading Club and Side by Side Reading. Remember to Save the Date - April 30th - Student Led Conferences, so you can see first hand all their hard work!

We want to wish you and your family a safe, FUN and relaxing Spring Break as you enjoy time together with family and friends!

Spare Clothes Reminder

At Eagle View we try to have the students go out in all safe weather conditions. It is very helpful for students if they have a spare change of clothes in their back pack to avoid having to call home for dry clothes. The office does not have enough clothes or sizes to provide to students who need a change.

September 2026

While September is seven months away, planning for the next school year is under way. The process began with our kindergarten registration week during the month of January. We also had the K - 12 transfer process in mid-February and as part of this process, we request that any families in grades K - 4 who will not be returning to Eagle View in September to please inform the school. We will assume all our grade 5 students will be transitioning to their catchment school unless we hear otherwise. Please let us know if your plans are not to be at Eagle View next September. Thank you.

Kindergarten to Grade 5 Registration for new students - continues for children who are new to our school catchment. You can register online using the following link www.sd61.bc.ca/registration

Looking for Tool Trolley donations of Screws & Hardware for Student Woodworking Projects

Our students are excited to dive into hands-on woodworking projects in ADST this year, and we need your help to stock our Loose Parts supply!

We are looking for donations of any extra items you may have, such as: Wood Screws (all widths and lengths, but especially 1" - 4" ones, Washers, Sawtooth Picture Hangers, Eye Screws, Nuts and Bolts, or similar items.)

If you have any extras in your toolbox, workshop, or garage, Mrs. Restell in the library would be happy to put them to use.

Thank you for helping our students learn valuable building skills while reusing and repurposing materials for a variety of projects!
